Conflict Minerals

We, the esd electronics gmbh support our customers efforts to obtain information about usage of so called Conflict Minerals within the supplied products according to the Dodd-Frank-Act.

esd electronics is not directly supplied with tantalum, tin, gold or tungsten by smelters.

We have completed the Conflict Minerals Reporting Template of the EICCA and attached it to this email. We are requesting our key suppliers to fill out and reply the Conflict Minerals Reporting Template as well.

esd electronics gmbh

A handwritten signature in blue ink, appearing to read 'Detering', is placed above the printed name.
